

Brantford Sports Xcelerator centre

WELCOME TO OUR ONE OF A KIND SPORTS FACILITY

Basketball, soccer, volleyball, rugby, dodge-ball, football, bubble soccer, you name it - we've got it at the Brantford Sports Xcelerator Centre. The building was transformed into a 100,000 square foot facility that includes two full-sized hard court surfaces for multi-purpose use, one indoor turf field and six indoor beach volleyball courts. Even when it's cold outside you can still play with that summer feeling all winter long.

Sport organizations and local users can utilize the facility for drop-in, practice or just playing pickup games. The Brantford Sports Xcelerator Centre is focused on providing an athletic, competitive and social outlet for adults and the youth. They also have leagues running all year long, including adult co-ed volleyball, co-ed beach volleyball, men's and woman's soccer and co-ed basketball.

It is great place to hold a company event or function. The centre offers a friendly environment as well as a fun tiki bar-style socializing area. Whether it's a community event, company event, field or court rental, tournament or a fundraising event, the Brantford Sports Xcelerator Centre is the place to make it happen!

THE WEATHER IS ALWAYS PERFECT INSIDE
